Tudor Oyster Prince Date Day Ref.

- Tudor Oyster Prince date Day Vintage Automatic Watch

- Ref. 7019/3 stamped under the lugs
- Year: 1969 (serial starting 6948XX)
- Case size: 38mm (41mm with the crown)
- Movement: Tudor Caliber A.S. 1895
- Lug width: 20mm
- Three-body stainless steel oyster case with 18k solid gold fluted bezel and gold Rolex marked crown.
- This Tudor is known as a "Jumbo" variation thanks to its substantial case size of 38 mm – a rare iteration as most were comparable in size to the standard Rolex Day-Date of the time which measured 36 mm (Rolex has only offered larger Day-Dates in more recent years).
- Nice champagne dial with some untouched patina, which is absolutely captivating, a day aperture at 12 and date aperture at 3, baton hour markers, and stick hands with lume insert.
- Good condition although with light normal signs of use and the passage of time.
- The watch keeps perfect time with a variation of -1 seconds in 24 hrs - absolutely perfect.
- Service history unknown.
- Generic high quality leather strap and buckle
- Free delivery in UK.
- Tudor travel pouch
