How to play NYT Connections Today

New York Times Connections is a category-matching puzzle. As it is the second-most-played NYT game that is published by the Times, behind Wordle.

You can simply play this game with a 4x4 grid containing 16 words. You have to group them into four categories. These categories will all be related to expression, themes, and concepts, in which only one correct concept will exist.

NYT Connections Hints

The hints are a common and significant way that can help you find your answers effortlessly. Below is featured information on how hints can help.

- **Identifying Commonalities:** Look for words that share a similar meaning, sound, or theme.
- **Consider Multiple Possibilities:** Some words might fit into more than one group, so explore different categories.
- **Shuffling the Board:** You can shuffle the words to see if it helps you spot connections.
- **Difficulty Levels:** Be aware of the colour-coded difficulty levels (Yellow, Green, Blue, Purple).
- **Shifting the Focus:** Sometimes, the connection isn't about the entire word but a part of it.
